Objective

A final-year Computer Engineering student aiming to contribute to the development of impactful and user-friendly software that improves efficiency and solves real-world challenges. Seeking opportunities to apply my skills building innovative solutions that make a positive difference.

EDUCATION

Examination	University	Institute	Year	Percentage
Graduation	DBATU	SVKM's IOT, Dhule	2026	7.60
Intermediate	HSC	D.M.Bari Junior College, Dhule	2022	69.00%
Matriculation	SSC	K.S.K. New City High School, Dhule	2020	72.00%

SKILLS SUMMARY

- Languages:** Python, JavaScript, C++
- Frameworks:** HTML, CSS, React.js, Django
- Tools:** MySQL, Git- GitHub, Canva
- Databases:** SQL, MongoDB

WORK EXPERIENCE

Data Science Intern BrainOvation Solutions Pvt. Ltd. Mumbai (Internship)	September 24- October 24
○ Prepared and cleaned large datasets using Python libraries such as Pandas and NumPy, ensuring accurate and consistent data for analysis.	
○ Performed Exploratory Data Analysis (EDA) to identify trends, correlations, and anomalies using Matplotlib, Seaborn, and Plotly.	
○ Collaborated with a team of data analysts to interpret results and generate actionable business insights.	
SDE Intern Sumago Infotech Pvt. Ltd. Nashik (Internship)	May 23- June 23
○ Developed Python scripts and applications, collaborating with senior developers.	
○ Troubleshooted and debugged Python code, ensuring project quality and deadlines.	
○ Acquired hands-on experience with Flask, Django, NumPy, and enhanced problem-solving skills.	

PROJECTS

EduFlow – E-Learning Mobile App	(2025)
○ Designed and developed a full-featured E-learning mobile application enabling users to browse courses, watch video lectures, and attempt quizzes to track their learning.	
○ Built a scalable backend using Node.js, Express.js, and MongoDB to manage user data, course content, and quiz results efficiently.	
○ Tech Stack: React Native, Node.js, MongoDB, Firebase.	
Django-based Microblogging Platform	(2024)
○ Built a Django-based microblogging application with user authentication, tweet creation, editing, deletion, and search functionality.	
○ Integrated secure photo uploads with access control and designed a responsive, user-friendly interface using Bootstrap.	
○ Tech Stack: Django, MySQL, HTML, CSS, Bootstrap, JavaScript.	
ExpenseTrack - Personal Finance Manager	(2024)
○ Developed a Full-Stack Personal Expense Tracker using the MERN stack, enabling users to efficiently log, categorize, and track their daily expenses.	
○ Implemented User Authentication with secure login and session management, ensuring data privacy and personalized expense management.	
○ Tech Stack: React.js, HTML, CSS, Bootstrap, JavaScript, MongoDB.	

CERTIFICATES

- Infosys Springboard - Python Foundation Certification	(2023)
- Coursera – Front-End Web UI Frameworks and Tools	(2024)
- Spoken Tutorial - Programming in C	(2024)
- Spoken Tutorial - Programming in C++	(2024)
- Google Digital - Fundamentals of Digital Marketing	(2024)
